### RELEVANT EXPERIENCE

#### Prime Digital Academy - Minneapolis, MN

##### Student Software Engineer

MARCH 2022 - AUGUST 2022

- Built RESTful APIs using Node.js that served data to our JavaScript front-end based on dynamically chosen user inputs
- Conceptualized, wire framed, and built web apps in accordance with stakeholders' specs and requirements in two-week sprints
- Utilized Google Maps API and Amazon AWS to accomplish web app features requirements and meet stakeholder criteria

#### US Dept of Health & Human Services - Remote

##### Federal Grants IT Intern

SEPTEMBER 2021 - DECEMBER 2021

- Assisted in the development of usable, accessible interfaces for HHS grants.gov which allows for a streamlined grants management process
- Contributed to and maintained HHS grants GitHub repository
- Designed front end wireframes using Figma during a one-week sprint

#### US Navy - Norfolk, VA

##### Console Operator

JANUARY 2011 - JANUARY 2015

- Supervised, collaborated, and trained crew members in the safe and efficient transport of over 1.3 million gallons of jet fuel
- Responsible for an aircraft carrier's fueling systems and processes and ensuring maintenance was performed in a timely manner

### PROJECTS

#### Groupie Mobile Web App ([Demo](#))

App that allows users to search for gym instructors based on identifying tags. Developed in a 2-week sprint utilizing PERN stack w/Amazon AWS and Google Maps & Places.

#### Simple Calculator ([Demo](#))

Server-side calculator built using Ajax, jQuery, JavaScript, HTML, and CSS.

#### Sweet Surrender ([Demo](#))

eCommerce web app cake store built in a 2-week sprint utilizing PERN stack with Passport authentication.

#### To Do List ([Demo](#))

Simple to do list utilizing Node.js and Express on the backend, JavaScript for the front-end and PostgreSQL to store the data.

### EDUCATION

IT Management, B.S.  
University of Minnesota

 2017 - 2021

Certificate of Completion

Full Stack Engineer

Prime Digital Academy

 March 2022 - August 2022

### SKILLS

**Languages:** JavaScript, HTML/CSS

**Frameworks:** React, Node.js, Express.js

**Tools:** Git, jQuery, Bootstrap, Redux, Ajax

**Databases:** PostgreSQL, MySQL

**Other:** communication, collaboration, problem solving
