WORK HISTORY

Software Engineer Student, Prime Digital Academy
Minneapolis, MN

March 2022 - Present

Solo Project: Sweet Surrender eCommerce Store

- Design wireframes using Figma and translate prototype to website design
- Create eCommerce web application using PERN stack in addition to Material UI, Passport, and Bootstrap within 2-week sprint

Client Project: Groupie Web Application

- Engage with client and provide prototype based on client specifications using Figma and present to client for approval
- Design web application within 2-week sprint utilizing PERN stack along with Amazon AWS, Google Maps and Google Places 3rd party API
- Present web application to client and other stakeholders after completion

Auto Body Estimator, Master Collision
Minneapolis, MN

October 2021 – March 2022

- Oversaw auto repairs from conception to completion utilizing various estimating and part sourcing software
- Developed store strategies to raise client pool, expand store traffic, and optimize profitability
- Communicated with all stakeholders through the repair process and set firm timelines for repair completion

Federal Grants IT Intern, U.S. Dept of Health and Human Services
Remote

September 2021 – December 2022

- Assisted in the development of usable, accessible interfaces for HHS grants.gov website which allows for a streamlined grants management process
- Contributed to and maintained HHS grants GitHub repository

Ramp Agent, Delta Airlines
Minneapolis, MN

March 2020 – October 2021

- Prepared, coordinated, and communicated with other departments for aircraft departure and arrival in a safe and timely manner in a fast-paced environment
- Cross-trained and contributed to the overall success of ramp operations

Auto Body Estimator, Friendly Chevrolet
Fridley, MN

March 2019 – January 2020

- Compiled auto damage estimates for insurance companies and clients using estimating software and technology
- Communicated repair expectations: plan, monitor, evaluate, and review job orders

Customer Service Manager, Abra Auto Body
Roseville, MN

January 2018 – September 2018

- Conducted daily meetings with technicians and estimators regarding daily goals and expectations
- Initiated and oversaw auto repairs for clients and insurance companies
- Contributed to the revenue growth of the shop to become the top two earners in the state

Service Center Estimator, Progressive Insurance
Burnsville, MN

July 2015 – January 2018

- Utilized estimating and repair management software to determine damage quotes and assess repairability
- Streamlined the repair process with auto body shops thus cutting costs while increasing client satisfaction

Console Operator, United States Navy
Norfolk, VA

January 2011 – January 2015

- Supervised and trained crew members in the safe and efficient transport of over 1.3 million gallons of jet fuel
- Ensured the safe transport of jet fuel during refueling-at-sea and flight operations while maintaining speed and accuracy
- Trained and onboarded over 500 incoming sailors and scheduled onboarding events and activities
